### NOTES

During Band classes, we ask that students please keep cell phones in their lockers or bags. We will however use them day 1 to sign-up for Remind and Google Class. Parents can contact the office in case of an emergency or an important note is needed. Alternatively, please message your child and they will check it after our class is over. Music is highly participatory and active. We appreciate you ensuring your child can be focused, present, regulated, and involved in our music classes.
